2032年度復旧予定

An aerial photograph of Kumamoto Castle in Japan. The main keep (donjon) is visible in the upper right, featuring traditional Japanese architecture with a dark tiled roof and white walls. To the left, a large rectangular building is completely encased in a complex network of metal scaffolding, indicating a major renovation project. The castle is surrounded by lush green trees and a stone wall. In the background, a dense urban area with various buildings is visible under a clear sky.
