国際社会への復帰と「平和の森」事業

Holly Trees for Tokyo

SPECIAL CEREMONIES were held Friday on the steps of Symons Hall at the University of Maryland by the Holly Society of America to mark the send-off of a gift of holly trees to be planted in Tokyo's Forest of Peace. Left to right: Col. Spencer Crosby, who supervised the planting of cherry trees on Washington's Potomac Basin as aide to President William Howard Taft; Akira Miyazaki, Counselor of the Japanese Embassy; C. R. Wolf, president of the Holly Society of America; and Daniel C. Buchanan, representing the U.S. State Department, who was born and lived in Japan for 30 years.

Prof. M. Miyoshi,
Botanical Institute, Science College,
Imperial University,
Tokio, Japan.

Dear Doctor Miyoshi:

I acknowledge with much appreciation the receipt of your valuable work on the Japanese Mountain Cherries, and thank you very much for your courtesy.

In regard to the cherry trees around the Tidal Basin at Washington, I enclose herewith a letter which I have received from Col. William W. Harts, U.S.A., who has charge of the Public Buildings and Grounds in Washington, in which he states that the Japanese cherry trees there are in a very flourishing condition.

The Japanese cherry trees planted in Riverside Park at the Soldiers and Sailors Monument in this City are also now blooming profusely and appear to be in a most thriving condition. I will endeavor to learn the condition of the trees in other parks of the city and will let you know further about them.

Yours very truly,
Edward Hagaman Hall
Secretary.

米国名勝及史蹟保存協会の書簡（1916 年）　請求番号：327.D3.08

東京都はサンフランシスコ講和条約締結を記念して、ソビエト連邦を除く極東委員会の構成国の首都から寄贈された樹木を植える「平和の森」の造成を推進しました。左の写真は全米ホリー協会が、東京都に柊の苗木を寄贈した際の贈呈式に関する記事です。「平和の森」は現在、神代植物公園に造成されています。

この事業は、明治45年(1912)に日米友好の証として東京市がワシントンに桜が贈った記憶をアメリカで呼び起こしました。右の写真は米国名勝及史蹟保存協会の書簡で、東京市から贈られたワシントンの桜が発育良好で立派に咲いていると報告しています。現在もワシントンでは全米桜祭りが開催され、東京から贈られた桜が親しまれています。
